

The Toronto Police Service

55 Division

101 Coxwell Ave, Toronto

(416) 808-5500

The Toronto Police Service 55 Division wishes to make residents aware that there has been an identified increase in commercial break and enter occurrences along Danforth Ave from Pape Ave east to Victoria Park Ave.

Many of the occurrences involve accessing the premise by breaking exterior glass doors or windows. 55 Division would like to recommend the installation of security bars and/or laminate glass or the plastic equivalent to better secure the entry points. Also, the installation of alarm and video surveillance systems will not only deter crime but assist in the identification of perpetrators in the event of an entry.

Toronto Police would also like to recommend that businesses not keep cash on site after closing and to ensure that the cash drawer is open and visible to let would be intruders know that there is no money on the premise. Maintain an adequate level of lighting inside the business after closing to help increase natural surveillance from the street.

Please report any suspicious activity to the Toronto Police at 416-808-2222 or in the case of an emergency 911.
